

Course/Slope Rating Request Form

The Golf Association of Florida issues **USGA** Certified Course Ratings to all member courses for both men and women. Permanent markers must be in place on all tee positions before the rating team arrives. After gathering the statistical information, and as part of the course rating process, the GAF rating team will play the course to observe any nuances that might affect the statistical information. Raters are typically provided lunch by the Club being rated.

Club Name _____

Address _____ City _____ County _____ Zip _____
